President's Message

Bridget Johnson, MSN, APRN, BC

On behalf of the **Board of Directors** of the Indiana Organization of Nurse Executives (IONE) I am pleased to announce that Mary Browning will be assuming duties as our Executive Director beginning September 2, 2014. Mary holds a DNP from Purdue University, a MS and BS from Ball State University, and a Diploma from United Hospital School of Nursing. Mary most recently has been the Vice President of Ambulatory Patient Services at Community Health Network. Mary has held numerous leadership roles in the Community Health Network over the years, as well as being the Chief Nursing Officer of the Rehabilitation Hospital of Indiana. Mary started her career in a rural 40 bed hospital in Minnesota, so she has worked across the continuum in her roles. Mary has also been active in IONE since 1996, having served as President of the organization in 2002. She also has had involvement with the American Organization of Nurse Executives on the Future of Nursing Task Force. Mary's professional accomplishments extend far and wide, and we are delighted to have her in this role.

Mary can be reached at mbrowning@ihaconnect.org. If you have not met Mary you will have an opportunity to do so at our fall conference in French Lick, IN. Please join me in welcoming Mary as the first Executive Director of IONE.

2013 Fall Conference

Featuring [Dr. Jean Watson](#) and [Donna Wright](#)

October 23-25 at the [French Lick Resort](#)

Registration open the week of September 3 on the [IONE homepage](#).
